

DAB

DAB Motors is a French motorcycle manufacturer based in Bayonne. DAB Motors was created to show the boldest minds that you can still push the boundaries in today's world. DAB Motors brings a new breed of motorcycle to life, straight out of our fantasies.

DAB

We are redefining the rulebook. By challenging traditions through intelligent disruption DAB Motors is responding to riders who are looking for something new.

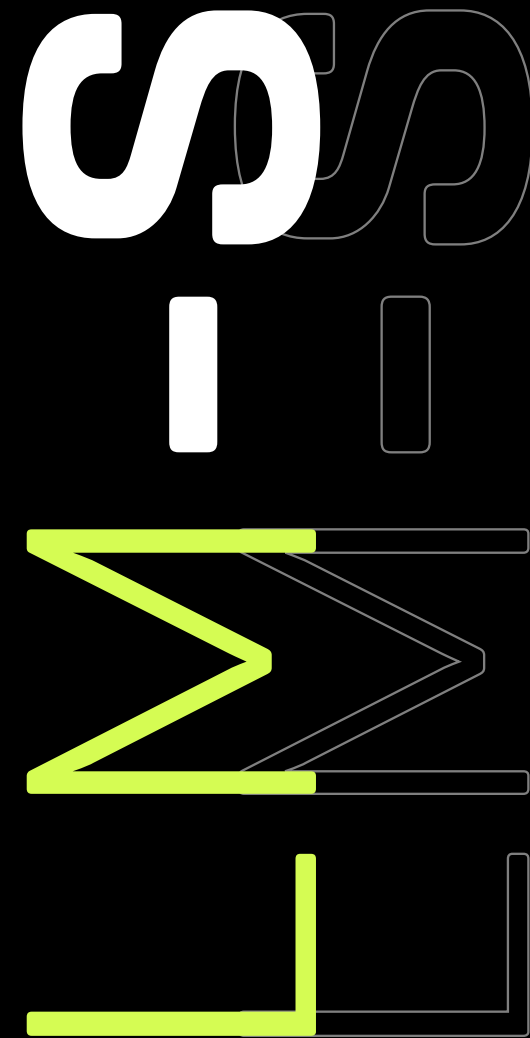

Our innovative machines are for those that dare to break the mould.

Different Unstoppable

DAB

DAB Motors is empowering audacious riders to stand out with remarkable and mad machines. We want people to feel different and unstoppable.

We have cooked up a new recipe to ride
with style : **the DAB Motors LM-S.**

Inspired by urban life, our minimalist motorcycle represents the simplicity and essence of a high-end distinctive motorcycle. An elegant silhouette and atypical design combined with high-performance equipment; the DAB Motors LM-S is the ultimate superior toy to escape with style, through the streets and on adventurous trails.

Personal

A bold and exclusive scrambler.

Style and exclusivity are priority for our customers. We designed the LM-S in accordance with our standards of quality and aesthetics.

LM-S HIGHLIGHTS

Exclusive

**We make no compromises
and light a rebellious spark
in your heart.**

Audacious engineering.

Extreme efforts have been made to refine the LM-S design [no big turn signals, no large exhaust box, full homologation, aggressive lines, hidden lighting, premium quality manufacturing].
